## PROFESSIONAL SUMMARY

---

Full Stack Developer skilled in the MERN stack and AI-based applications, with experience building scalable solutions across web, mobile, and cloud platforms. Seeking an opportunity to apply technical expertise, contribute to business growth, and continuously learn modern technologies. Available for immediate joining with strong problem-solving and communication skills.

## TECHNICAL SKILLS

---

**Programming Languages:** C++, JavaScript

**Web Technologies:** HTML, CSS, React.js, Node.js, Express.js

**Databases:** MongoDB, SQL

**Tools & Platforms:** Git, GitHub

**Other Skills:** REST APIs, Responsive Web Design

## PROJECTS

---

|                                       |                                   |
|---------------------------------------|-----------------------------------|
| <b>Tiebreaker Decision-Making App</b> | 2026                              |
| <i>AI-based Application</i>           | <i>React.js, Node.js, MongoDB</i> |

- Developed an AI-powered decision-making application to analyze user dilemmas using structured approaches
- Implemented pros & cons analysis, comparison tables, and SWOT analysis
- Integrated real-world testing and auto-fix error handling for reliable outputs

|                                                             |                                   |
|-------------------------------------------------------------|-----------------------------------|
| <b>Restaurant Reservation and Seating Management System</b> | 2025                              |
| <i>Full Stack Web Application (Team Lead)</i>               | <i>React.js, Node.js, MongoDB</i> |

- Led development of a real-time reservation and seating management system handling 200+ daily reservations with seamless user experience across web platforms
- Reduced overall customer wait time by 25% by implementing an optimized table allocation algorithm for efficient seat assignment
- Improved total table utilization by 30% through dynamic seating logic that adapts based on real-time availability and reservation patterns

- Built a fully functional admin dashboard for non-teaching staff assignment, tracking, and management across multiple departments
- Implemented detailed reporting modules and conflict resolution features to handle overlapping staff schedules and duty clashes efficiently
- Designed a fully responsive UI with intuitive navigation for better usability across both desktop and mobile devices

## CERTIFICATIONS

---

- Google AI for App Building –(Coursera)
- Node and Express Essentials – IBM (Coursera)
- MERN Stack with UI/UX – Full Stack Development (Skillryt)
- Web Development Internship (Zidio)

Certificates: [View All Certifications](#)

## EDUCATION

---

**Bannari Amman Institute of Technology**  
*B.E. in Computer Science and Engineering*

Tamil Nadu, Erode, India  
2021 – 2025

**Sri Chaitanya Techno School**  
*AISSCE (Class XII)*

Tamil Nadu, Coimbatore, India  
2020 – 2021

**The Ideal Mount Litera Zee School**  
*AISSE (Class X)*

Tamil Nadu, Coimbatore, India  
2018 – 2019

## ACHIEVEMENTS

---

- Presented research paper at ICSW 2025, KPR Institute of Engineering and Technology, Coimbatore
- NPTEL Certification in Programming in Modern C++

## SOFT SKILLS

---

• Communication • Teamwork • Problem Solving • Time Management • Adaptability

## LANGUAGES

---

- **English** (R,W,S)
- **Tamil** (R,W,S)
- **Telugu** (S)
